

Request for Proposals: International Funding Opportunities

UChicago Global and the International Institute for Research in Paris are pleased to announce the availability of two funding streams for collaborative projects between faculty and other academic appointees at the University of Chicago and colleagues at international institutions. These opportunities aim to provide flexible funding for international partnerships in many locations around the world and represent a critical lever in the University's broader global engagement efforts. In addition to funding, our overseas campuses and centers are here to support your work by providing space for conferences and meetings, coordination of local logistics, and expert guidance on regional compliance and cultural context.

Provost's Global Faculty Awards

Provide one-year grants of up to \$30,000 USD for collaborative projects with partners in [mainland China](#); [Hong Kong, East, and Southeast Asia](#); [India and South Asia](#); [Latin America and the Caribbean](#); or [sub-Saharan Africa](#).

- *Eligibility:* Faculty and other academic appointees
- *Application deadline:* January 31st, 2025

International Institute of Research in Paris (IIRP) Faculty Grants

Provides up to \$30,000 USD for two-year projects and up to \$10,000 USD for single-year projects with a strong collaborative element in Europe, Africa, or the Middle East. Individual research grants of up to \$5,000 USD are also available.

- *Eligibility:* Faculty and other academic appointees
- *Application deadline:* January 31st, 2025

Webinars will be held via Zoom to provide additional details on these funding opportunities and answer any questions from potential applicants. Interested

individuals should attend one of the following sessions - click the links below to register.

- [Monday, December 9th at 1pm CST](#)
- [Wednesday, December 18th at 1pm CST](#)
- [Friday, January 10th at 10:00am CST](#)
- [Monday, January 13th at 10:00am CST](#)
- [Monday, January 27th at 1:00pm CST](#)

These programs offer opportunities for significant, institutionally supported engagement with the international community to further your important and field-defining academic pursuits.
