## FOREWORD

Postgraduate programmes at the University of Cape Town play a vital role in developing skills necessary for success in a knowledge-driven economy, both locally and internationally. Our postgraduate programmes span the basic disciplines as well as a range of applied and professional areas in Commerce, Engineering and the Built Environment, Health Sciences, Humanities, Law and Science. Our commitment to being a high quality research-led university means that our postgraduate students have the opportunity to work with academics who are making important contributions to new knowledge via their on-going research and professional activities.

This booklet provides information on potential sources of financial support for postgraduate students. There are various categories of financial assistance administered by the University and many other agencies and donors. This booklet also provides information on a range of postdoctoral fellowships. The opportunity of a postdoctoral fellowship, following the successful completion of a doctoral degree, is a useful career experience allowing a researcher to develop further skills in knowledge creation and dissemination.

We hope that this booklet will be a useful resource in identifying potential bursaries and scholarships. We wish you a successful and enjoyable postgraduate and postdoctoral experience at the University of Cape Town.

Professor Danie Visser  
Deputy Vice-Chancellor

## PLEASE NOTE THIS IMPORTANT INFORMATION

This Booklet is intended as a guide for students who will register for Honours, Master's or Doctoral study and who require financial assistance, and for Doctoral graduates seeking financial support for postdoctoral research.

The financing of postgraduate study

invariably takes the form of a combination of scholarships or bursaries, part-time employment within or outside the university, student loans (personal – not NSFAS), personal savings and assistance from families.

The university is able to provide financial assistance that will **contribute towards** the costs of tuition and accommodation. This goal requires more money than the university has available. It is therefore vital that students needing assistance approach as many sources as possible in addition to applying to UCT.

**All awards offered by the university are limited to South African citizens and permanent residents. However, International and Refugee Students' may apply for the International and Refugee Scholarships, as well as the UCT Conference Travel grants and the Scholarships for International Travel grants.**

**The University administered awards appearing in this booklet are not available for the 4th year of Bachelor degrees, Postgraduate Diplomas and Certificates, the HDE or the LLB and BArch degrees. Students wishing to register for these courses are referred to booklet 13 "Financial Assistance for Undergraduate Study" issued by the Undergraduate Student Financial Aid office.**

# IMPORTANT INFORMATION

- 1 STUDENTS PROCEEDING FROM UNDERGRADUATE DEGREE TO THE HONOURS DEGREE ARE NO LONGER ELIGIBLE FOR NSFAS LOANS AND FINANCIAL AID PACKAGES.
- 2 THE UNIVERSITY IS UNABLE TO PROVIDE FULL-COST FUNDING TO POST-GRADUATE STUDENTS.
- 3 AWARDS OFFERED TO SUCCESSFUL APPLICANTS ARE A CONTRIBUTION TOWARDS THE COST OF ATTENDANCE AT UCT.
- 4 APPLICANTS ARE THEREFORE STRONGLY ADVISED TO SOURCE EXTERNAL/ALTERNATIVE FUNDS TO ASSIST THEM TO COVER THE FULL COST OF ATTENDANCE.
- 5 IN ORDER TO MEET THE DEMAND FOR MERIT AWARDS, INTENDING STUDENTS WHO QUALIFY FOR UCT MERIT SCHOLARSHIPS AND NRF BURSARIES ARE REQUIRED TO APPLY FOR BOTH UCT MERIT AND NRF AWARDS. APPLICANTS WHO ARE UNSUCCESSFUL FOR NRF AWARDS WILL BE CONSIDERED FOR UCT MERIT AWARDS.
- 6 NO HONOURS OR MASTERS' APPLICANTS MAY HOLD AN NRF AND UCT MERIT AWARD CONCURRENTLY.
- 7 INTENDING STUDENTS ARE STRONGLY ADVISED TO SUBMIT UCT FUNDING APPLICATIONS BEFORE THE CLOSING DATES, REGARDLESS OF WHETHER OR NOT A DECISION HAS BEEN MADE TO REGISTER FOR STUDY OR ON THE AREA OF STUDY TO BE PURSUED.
- 8 INTENDING STUDENTS ARE CAUTIONED THAT NRF CLOSING DATES FOR MASTER'S AND DOCTORAL AWARDS AND POSTDOCTORAL RESEARCH FELLOWSHIPS ARE NORMALLY IN JULY OR AUGUST OF EACH YEAR
- 9 INTENDING STUDENTS WHO NEGLECT TO APPLY TO THE NRF WILL NOT BE CONSIDERED FOR UCT MERIT AWARDS

**Please note that it takes 4 working days to process requests for official transcripts and duplicate degree certificates**

## Applying for Funding

The primary and most substantial form of assistance for students who undertake Honours, Master's and Doctoral study are the awards granted on the basis of academic performance.

It is important that students and prospective postdoctoral research fellows applying for funding comply with the requirements and submit applications on time and by the specific closing date. Late and incomplete applications will be disqualified.

## Merit Awards

The major source of merit-based awards are the state-funded Research Council. (See Section 1). Students requiring UCT merit awards must apply, in the first instance, to the NRF.

UCT also awards scholarships each December to graduating students who have performed exceptionally well at UCT. Recipients are identified by the university and an application form for this category of award is not required. (See Section 7.)

Scholarships and bursaries funded from a variety of sources are available. These may be awarded to Heads of Departments or supervisors to students working on specific projects or programmes. Candidates should enquire as to the availability of such awards by consulting their Supervisors, Course convenors or Heads of academic departments.

## Financial Need

It is important to note that

1. Students proceeding from undergraduate degrees to Honours are no longer eligible for NSFAS loans and Financial Aid packages,
2. the university is unable to provide full-cost funding to students and
3. Awards offered to successful applicants are a contribution towards the cost of attendance.

Prospective postgraduate students who are financially needy are required to complete the relevant section of the UCT Form for Postgraduate funding and to provide the required supporting documentation. Such students will be means-tested, and where

the means-test is met, a combination of bursaries may be offered.

Students who do not meet the means-test criteria will be assessed for partial need and an award may be offered in such cases.

It is important to note that:

4. Resources for student support are limited. Therefore the University of Cape Town can give no guarantee whatsoever that an applicant will receive funding support.
5. The submission of an application form does not guarantee the provision of a loan or an award.
6. The university cannot consider assistance for the cost of dependents. Students must make arrangements to meet the cost of support of dependents where applicable.

Section 4 lists awards administered independently of UCT and enquiries should be directed to the Administrators/Trustees indicated.

EVERY EFFORT MUST BE MADE TO SECURE ASSISTANCE FROM SOURCES EXTERNAL TO UCT.
--

## International and Refugee Students

A limited number of scholarships are available to non-South African graduates who are residents of countries other than South Africa. These are awarded on a competitive basis with emphasis given to academic merit and to the seniority of candidates.

**The scholarships do not provide full-cost support.** All UCT International and Refugee Students Scholarships are supplementary. **Applying students must ensure that they have sufficient support for their studies.** The scholarships are renewable for the duration of the course of study subject to satisfactory progress being maintained, up to a limit of 1 year at Honours level; for the 1st and 2nd years of Master's study, and the 1st, 2nd and 3rd years of Doctoral study. Applications for funding cannot be processed unless Applicants apply for admission through the UCT Admissions Office or the Faculty Office.

## **Employment**

Individuals who are employed full-time (more than 20 hours per week) are not eligible for UCT funding support. The regulations governing the NRF/ MRC bursaries and UCT awards permit some degree of concurrent part-time employment. Demonstratorships, Teaching Assistantships or Research Assistantships may be offered by your Department and details should be obtained from your supervisor or Head of Department. Subject to limitations on remuneration, award-holders may undertake part-time employment, provided weekly duties do not exceed 12 hours NRF (SET) and 12 hours NRF (SSH).

## **Duration of Scholarship and Bursary Assistance**

Research Council bursaries and UCT awards may be held for:

- the first year of the Honours degree only;
- the 1st and 2nd year of Master's study, and
- the 1st, 2nd and 3rd years of Doctoral study. Renewal of awards for Master's and Doctoral study each year is subject to satisfactory progress and continued evidence of need in the case of need-based bursaries, and on the availability of funds. Students must make every effort to complete their studies within these periods.

It is important to note that funding will not be available beyond the above-mentioned tenures.

**NOTE: STUDENTS STUDYING FOR A SECOND DEGREE AT THE SAME LEVEL (e.g. Honours Graduate doing a second Honours Degree) ARE INELIGIBLE FOR UCT FUNDING.**

Applications for renewal and continued assistance must be submitted annually by the relevant closing dates. Renewal of awards is NOT automatic and eligible students are required to apply for renewal annually.

## **Application for Admission to Study and Registration**

Applicants for financial assistance who are not already registered for the degree of

their choice are reminded that they must also apply for admission to the University <http://www.uct.ac.za/apply/applications/postgraduates/administration/> and should consult UCT's Admissions Office or relevant Faculty Office for the closing dates. Although funding selection committees consider applicants who may not yet be registered for study, bursaries/scholarships that may be offered can only be claimed by students who have been accepted by the relevant academic department for the course/programme for which they applied. AN OFFER OF A SCHOLARSHIP DOES NOT IMPLY AN OFFER OF A PLACE TO STUDY.

## **Scholarships for International Study**

The University does not offer scholarships for international study. However the respective research councils NRF (SET), NRF (SSH) & MRC are a major source of assistance for overseas study at the DOCTORAL degree level. Such overseas awards are made on the basis of academic excellence and the significance of the proposed study. Certain overseas universities may offer scholarships or bursaries to international students, or may be in a position to offer part-time employment in the form of Assistantships or Fellowships, which often include a waiver of academic fees. Students are advised to check with their intended institutions.

Section 6 provides information on independently administered awards for study at overseas universities.

## **Postdoctoral Research Fellowships**

This Booklet includes a number of opportunities for Postdoctoral research fellowships (See Section 5). However, the majority of opportunities are offered by independent donors and interested parties are advised to check with their department Heads and with the Postgraduate Funding Office regularly. The office also provides details of externally administered funding and other opportunities on an electronic noticeboard which can be found on

## 88 FUNDING POLICIES

<p>to. The University reserves the right to cancel or withdraw any award made if the recipient of such an award does not comply with the stated conditions of the award.</p>	<p>which are often based on bequests or on the instructions of external donors, such as the NRF.</p> <p>No awards will be processed without the required and approved Conditions of Award.</p>
<p>6. The University reserves <b><u>the right to recover any monies</u></b> disbursed to any student (including monies disbursed on behalf of the NRF and MRC), if that individual does not comply with the conditions of award; does not make satisfactory progress or if he/she deregisters without prior notice <u>or reasonable cause</u>. The recovery process is routed through the University's Finance Department, via the Fees Office and the Debtors' section.</p>	<p>Satisfactory progress and registration for the degree for which the student is being funded, are conditions of award. All awards made via the PFO are done so by means of a claim form, which requires an undertaking from the student that she/he agrees to comply with the conditions of award.</p> <p>The NRF and MRC have their own conditions and agreement with similar repayment clauses, which students must sign.</p> <p><u>Note:</u> The Postgraduate Funding Office ascertains satisfactory progress through direct communication with the Programme Convenors and individual student's supervisors.</p>
<p>7. <b><u>Guarantee of funding and outstanding fee debts</u></b> The University does not guarantee funding to any student/applicant. The University does not at any time undertake to provide full-cost support to any student/applicant. The University will not be responsible for the outstanding fee debt of any student.</p>	<p>The University is <u>unable to provide any guarantee</u> that every applicant for financial aid and funding will receive support.</p> <p>Similarly, the University is unable to undertake to offset any debt incurred by the student and/or any balance reflected which is reflected on that student's fee-account.</p>

Where an application has been submitted by a student and an award offered, but not yet processed. In such cases any allowance must not exceed the amount owed to the university in terms of fees or other charges. <p>Allowances from the University.</p>	<p>2. (i) <i>Where a nomination has been made to the NRF by a Grant-holder for a renewal of an award in respect of a student who has made satisfactory progress.</i>  (ii) <i>Where a nomination has been made to the NRF by a Grant-holder for a new award for a student in good academic standing and who is a South African citizen.</i></p> <p>3. <i>Where applications have been made to the MRC and the NRF for <b>renewal</b> by students who are eligible and who have made satisfactory progress, and where results of such applications have not yet been released by the NRF.
