

MISSION STATEMENT

UCT aspires to become a premier academic meeting point between South Africa, the rest of Africa and the world. Taking advantage of expanding global networks and our distinct vantage point in Africa, we are committed, through innovative research and scholarship, to grapple with the key issues of our natural and social worlds. We aim to produce graduates whose qualifications are internationally recognised and locally applicable, underpinned by values of engaged citizenship and social justice. UCT will promote diversity and transformation within our institution and beyond, including growing the next generation of academics.

Foundation statement underpinning the mission statement

Our research-led identity is shaped by a commitment to:

- Academic freedom as the prerequisite to fostering intellectual debate and free inquiry;
- providing an intellectually and socially stimulating environment;
- ensuring that research informs all our activities including teaching, learning and service to the community;
- advancing and disseminating knowledge that addresses the key challenges facing society -South African, continental and global;
- protecting curiosity driven research;
- nurturing and valuing creativity in the sciences and arts including the performing and creative arts;
- stimulating international linkages of researchers and research groupings.

We strive to provide a superior quality educational experience for undergraduate and postgraduate students through:

- providing an intellectually and socially stimulating environment;
- inspired and dedicated teaching and learning;
- exposure to the excitement of creating new knowledge;
- stimulating the love of lifelong learning;
- the cultivation of competencies for global citizenship;
- supporting programmes that stimulate the social consciousness of students;
- offering access to courses outside the conventional curricula;
- attracting a culturally and internationally diverse community of scholars;
- guaranteeing internationally competitive qualifications;
- offering a rich array of social, cultural, sporting and leadership opportunities;
- providing an enabling physical and operational environment.

In advancing UCT as an Afropolitan university, we will

- expand our expertise on Africa and offer it to the world;
- extend our networks on the continent, along with our global connections and partnerships;
- promote student and staff exchanges and collaborative research and postgraduate programmes;
- engage critically with Africa's intellectuals and world views in teaching and research;
- contribute to strengthening higher education on our continent.

We strive to provide an environment for our diverse student and staff community that:

- promotes a more equitable and non-racial society;
- supports redress in regard to past injustices;
- is affirming and inclusive of all staff and students and promotes diversity in demographics, skills and backgrounds;
- offers individual development opportunities to all staff;

is welcoming as a meeting space for scholars from Africa and around the world.

FOREWORD

Postgraduate programmes at the University of Cape Town play a vital role in developing skills necessary for success in a knowledge-driven economy, both locally and internationally. Our postgraduate programmes span the basic disciplines as well as a range of applied and professional areas in Commerce, Engineering and the Built Environment, Health Sciences, Humanities, Law and Science. Our commitment to being a high quality research-led university means that our postgraduate students have the opportunity to work with academics who are making important contributions to new knowledge via their on-going research and professional activities.

This booklet provides information on potential sources of financial support for postgraduate students. There are various categories of financial assistance administered by the University and many other agencies and donors. This booklet also provides information on a range of postdoctoral fellowships. The opportunity of a postdoctoral fellowship, following the successful completion of a doctoral degree, is a useful career experience allowing a researcher to develop further skills in knowledge creation and dissemination.

We hope that this booklet will be a useful resource in identifying potential bursaries and scholarships. We wish you a successful and enjoyable postgraduate and postdoctoral experience at the University of Cape Town.

Professor Danie Visser
Deputy Vice-Chancellor

PLEASE NOTE THIS IMPORTANT INFORMATION

This Booklet is intended as a guide for students who will register for Honours, Master's or Doctoral study and who require financial assistance, and for Doctoral graduates seeking financial support for

postdoctoral research. The financing of postgraduate study invariably takes the form of a combination of scholarships or bursaries, part-time employment within or outside the university, student loans, personal savings and assistance from families.

The university aims to provide financial assistance that will contribute towards the costs of tuition and accommodation. This goal requires more money than the university has available. It is therefore vital that students needing assistance approach as many sources as possible in addition to applying to UCT.

All awards offered by the university are limited to South African citizens and permanent residents, with the exception of the UCT Research Associateships, the International and Refugee Students' Scholarships, and the Travel grants.

The University administered awards appearing in this booklet are not available for the 4th year of Bachelor degrees Advanced or Postgraduate Diplomas, the HDE or the LLB and BArch degrees. Students wishing to follow these courses are referred to booklet 13 "Financial Assistance for Undergraduate Study" issued by the Undergraduate Student Financial Aid office.

Applying for Funding

The primary and most substantial form of assistance for students who undertake Honours, Master's and Doctoral study are the awards granted on the basis of academic performance.

It is important that students and prospective postdoctoral research fellows applying for funding comply with the requirements and submit applications on time and by the specific closing date. Late and incomplete applications will be disqualified.

Merit Awards

The major sources of merit-based awards

are the two state-funded Research Councils. (See Section 1). Students requiring UCT merit awards must apply, in the first instance, to the NRF or MRC.

Research Associateships are awarded to the most outstanding Master's and Doctoral students on the basis of nomination by their Departments. (See Section 2.)

UCT also awards scholarships each December to graduating students who have performed exceptionally well at UCT. Recipients are identified by the university and an application form for this category of award is not required. (See Section 7.)

Scholarships and bursaries funded from a variety of sources are available. These may be awarded to Heads of Departments or supervisors to grant to students working on specific projects or programmes. Candidates should enquire as to the availability of such awards by consulting their Heads or Supervisors.

Financial Need

Prospective postgraduate students who are financially needy are required to complete the relevant section of the UCT Form 10A and to provide the required supporting documentation. Such students will be means-tested, in terms of the prevailing NSFAS means-test requirements, and where the means-test is met, a combination of bursaries and a NSFAS loan will be offered.

Students who do not meet the means-test criteria will be assessed for partial need and an award may be offered in such cases.

It is important to note that:

1. NSFAS Loans may not be recurrent from year to year, and the University does not take responsibility for any students' inability to access a NSFAS loan.
2. Resources for student support are limited. Therefore the University of Cape Town can give no guarantee whatsoever that an applicant will

receive funding support.

3. The submission of an application form does not guarantee the provision of a loan or an award.
4. NSFAS loans may not be held concurrently with NRF or MRC bursaries/scholarships.

It is important to be aware that the university cannot consider assistance for the cost of dependents. Students must make arrangements to meet the cost of support of dependents where applicable.

Section 4 lists awards administered independently of UCT and enquiries should be directed to the Administrators/Trustees indicated.

EVERY EFFORT MUST BE MADE TO SECURE ASSISTANCE FROM SOURCES EXTERNAL TO UCT.
--

International and Refugee Students

A limited number of scholarships are available to non-South African graduates who are residents of countries other than South Africa. These are awarded on a competitive basis with emphasis given to academic merit and to the seniority of candidates.

The scholarships do not provide full-cost support. All UCT International and Refugee Students Scholarships are supplementary. **Applying students must ensure that they have sufficient support for their studies.** The scholarships are renewable for the duration of the course of study subject to satisfactory progress being maintained, up to a limit of 1 year at Honours level; for the 1st and 2nd years of Master's study, and the 1st, 2nd and 3rd years of Doctoral study. Applications for funding cannot be processed unless Applicants apply for admission through the UCT Admissions Office or the Faculty Office.

Employment

Individuals who are employed full-time are not eligible for UCT funding support.

The regulations governing the NRF/MRC bursaries and UCT awards permit some degree of concurrent part-time employment. Demonstratorships, Teaching Assistantships or Research Assistantships may be offered by your Department and details should be obtained from your supervisor or Head of Department. Subject to limitations on remuneration, award-holders may undertake part-time employment, provided weekly duties do not exceed 12 hours NRF (SET), 12 hours NRF (SSH), 9 hours (MRC), 12 hours (UCT Research Associateships).

Duration of Scholarship and Bursary Assistance

Research Council bursaries and UCT awards may be held for:

- the first year of the Honours degree only;
- the 1st and 2nd year of Master's study, and
- the 1st, 2nd and 3rd years of Doctoral study. Renewal of awards for Master's and Doctoral study each year is subject to satisfactory progress and continued evidence of need in the case of need-based bursaries, and on the availability of funds. Students must make every effort to complete their studies within these periods.

It is important to note that funding will not be available beyond the above-mentioned tenures.

NOTE: STUDENTS STUDYING FOR A SECOND DEGREE AT THE SAME LEVEL (e.g. Honours Graduate doing a second Honours Degree) ARE INELIGIBLE FOR UCT FUNDING.

Applications for renewal and continued assistance must be submitted annually by the relevant closing dates. Renewal of awards is NOT automatic and eligible students are required to apply for renewal annually.

Application for Admission to Study and Registration

Applicants for financial assistance who are not already registered for the degree of their choice are reminded that they must also apply for admission to the University

and should consult UCT's Admissions Office or relevant Faculty Office for the closing dates. Although funding selection committees consider applicants who may not yet be registered for study, bursaries/scholarships that may be offered can only be claimed by students who have been accepted by the relevant academic department for the course/programme for which they applied.

Scholarships for International Study

The University does not offer scholarships for international study. However the respective research councils NRF (SET), NRF (SSH) & MRC are a major source of assistance for overseas study at the DOCTORAL degree level. Such overseas awards are made on the basis of academic excellence and the significance of the proposed study. Certain overseas universities may offer scholarships or bursaries to international students, or may be in a position to offer part-time employment in the form of Assistantships or Fellowships, which often include a waiver of academic fees. Students are advised to check with their intended institutions. Section 6 provides information on independently administered awards for study at overseas universities.

Postdoctoral Research Fellowships

This Booklet includes a number of opportunities for Postdoctoral research fellowships (See Section 5). However, the majority of opportunities are offered by independent donors and interested parties are advised to check with their department Heads and with the Postgraduate Funding Office regularly.

CONTENTS

In addition to the awards listed, certain other awards exist which are not acceptable in an open democratic society based on freedom and equality and are therefore not utilised or advertised by the University of Cape Town.

SECTION 1

NATIONAL RESEARCH FOUNDATION NRF (SET & SSH) BURSARIES FOR STUDY AT SA AND OVERSEAS UNIVERSITIES

All eligible candidates wishing to apply for UCT merit-based scholarships for study towards Honours, Master's or Doctoral degrees are required to apply timeously for an NRF or MRC award. Any eligible candidate who fails through negligence to make such application will be ineligible for UCT Merit awards.

Candidates must be SA citizens or, in certain cases of the NRF, be SA Citizens or have SA permanent residence status. Individuals who are employed full-time are ineligible.

MRC:

Completed Medical Research Council applications must, in most cases, be submitted direct to the Head of the Department in which the intended study will be undertaken, for endorsement and return to the Postgraduate Funding Office.

Bursaries available for more than one year must be re-applied for annually, and applications must be accompanied by a progress report. The relevant procedures and conditions pertaining to individual agencies are contained within the application form, and on the website: <http://www.mrc.ac.za>

NRF:

Master's and Doctoral students may use the two dedicated computers in the Postgraduate Centre to complete their NRF On-Line applications. A scanner is also provided. Late applications will not be accepted. Please note the relevant internal closing dates for receipt of applications or consult the Postgraduate Funding Office if in doubt. Please also visit the website: <http://www.nrf.ac.za> for up to date information and any changes to the information given below.

UNIVERSITY RESEARCH SCHOLARSHIPS AND ASSOCIATESHIPS FOR STUDY AT UCT

University Research Scholarships

Eligible, but unsuccessful candidates for the Research Council bursaries NRF (SET & SSH) are eligible for University Research Scholarships. Values are variable.

This undertaking does not apply to candidates who are eligible for support from the NRF (SET & SSH) who fail to submit a completed application by the University's due date. University Research Scholarships may not be held concurrently with bursaries from the Research Councils, but may be supplemented, within certain limits, by income from part-time employment and/or other awards.

PLEASE NOTE: These awards are NOT GUARANTEED and depend on availability of funds.

University Research Associateships

Research Associateships for Master's and Doctoral study are offered by the University. Candidates do not apply directly for Associateships but may be nominated by Heads of Departments or research supervisors. Associateships may be held concurrently with standard Research Council bursaries and limited part-time employment. They are intended to reduce the need for senior students to supplement their income by engaging in part-time work unrelated to their research.

University Research Committee Postdoctoral Fellowship	All disciplines	For Postdoctoral research Preference given to recently qualified applicants who are not yet in academic or research posts and who have not previously held a postdoctoral appointment. No restriction on discipline, but applications from other African countries and from women & black researchers will be given preference. Tenable for maximum of 12 months R190 000	Application available online at: http://www.uct.ac.za/research/pgfo/postdocfellows/offered/ and from the Postgraduate Funding Office Closing Date: 31 July

SECTION 3

UCT ADMINISTERED AWARDS FOR STUDY AT UCT

The following UCT-administered awards are offered for full-time study towards the Postgraduate Diploma in Education, Honours, Master's or Doctoral degrees, unless indicated to the contrary. Candidates in the 4th year of a Bachelors degree, PGCE and other Postgraduate Diplomas and intending LLB and BArch students must contact the Undergraduate Student Financial Aid Office for information regarding funding.

UCT awards appearing in this section are restricted to South African citizens and permanent residents, with the exception of AW Mellon Honours in Humanities and those awards appearing under sub-sections E and F.

Note: Applicants are required to use Form 10A for new awards and 10B for renewals*

Unless otherwise specified, application for awards appearing in this section must be made on the prescribed Postgraduate Bursary Application Forms 10A or 10B, available on request from the UCT Postgraduate Funding Office and obtainable on our web-site <http://www.uct.ac.za/apply/funding/postgraduate/applications/>

A single Postgraduate Bursary Application (Forms 10A and 10B*) should be submitted for most awards appearing under sub-sections A to D, except where otherwise specified. Candidates will automatically be considered for all awards within these sections for which they may be eligible. Please take note of the closing dates as LATE AND/OR INCOMPLETE APPLICATIONS WILL NOT BE CONSIDERED.

SECTION 7

SCHOLARSHIPS AWARDED ON EXAMINATION RESULTS BY UCT

Applications are not invited for the scholarships described in section 7. As and when they become available for award, they are offered without application to the most outstanding UCT graduates.

All students who complete Bachelors, Honours or Master's degrees at UCT in June or December and who display outstanding academic performance are considered by the individual Faculties. Recipients of these scholarships are notified of their awards each year in December.

The scholarships are awarded to encourage full-time study towards higher degrees, and may be held concurrently with other awards. Recipients who do not enrol at UCT for higher full-time degrees qualify to hold these scholarships only in an honorary capacity.

The scholarships appearing in this section will be reflected on recipients' academic records.

<p>2. General Eligibility for funding</p>	<p>Although each individual scholarship/bursary indicates eligibility in the approved Conditions of Award, the general eligibility for funding includes the following:</p> <ul style="list-style-type: none"> • only students registered for full-time study for the Honours, Master's and Doctoral degrees are eligible; • students who are employed full-time are ineligible; • students who hold income (from all sources) in excess of the limitations shown in 3 below are ineligible; • students who register for a second degree at the same level are normally ineligible, e.g.: <ul style="list-style-type: none"> * a Master's graduate who registers for a further Master's degree: and * a graduate of a 4-year Bachelor degree who registers for an Honours degree; • students registered for the MMed degree are ineligible; • the university reserves the right to decline late, incomplete and inappropriate applications, and • no awards will be processed without the required and approved Conditions of Award

90 FUNDING POLICIES

<p>3. Overall limitations on income from all sources.</p> <p>New limitations approved by PSFC for 2008 +</p> <p>Honours – R90,000 Master’s – R120,000 Doctoral – R150,000</p> <p>New Limitations approved by PSFC 2009+ (PSFC Minutes October 2008)</p> <p>Honours – R130,000 Master’s – R170,000 and Doctoral – R220,000</p> <p>The limits remain unchanged in 2011</p>	<p>Applying a limit to total income from all sources (in respect of students receiving support via the University) ensures equitable distribution of available funding.</p> <p>In 2003 the overall limits were set at Honour’s – R45 000 Master’s – R65 000, and Doctoral – R85 000</p> <p>In 2004, the overall limits were set: at: Honours – R65 000 Master’s R85 000 and Doctoral – R100 000</p> <p>In 2006 , the overall limits were set at: Honours – R85 000 Master’s – R100 000 Doctoral – R135 000</p> <p>In 2008 the overall limits were set at: Honours – R90 000 Master’s – R120 000 Doctoral – R150 000</p> <p>In 2009 the overall limits were set at: Honours – R130,000 Master’s – R170,000 and Doctoral – R220,000</p> <p>The limit remains unchanged in 2011 and 2012</p> <p>UCT reserves the right to recover any funds allocated to any student from the University’s own funding if the student receives support in excess of the stated maxima.</p>
<p>4. The University reserves the right to <u>cancel late and incomplete applications</u> for funding</p>	<p>This ensures that selection processes are fair, and that those students who have complied with the deadlines and application conditions compete on the same level.</p>
<p>5. After establishing that they are in line with the laws of the country, the University will ensure that the <u>conditions of awards and grants</u> as laid down in bequests or by donors, sponsors or the University, are adhered to.</p> <p>The University reserves the right to cancel or withdraw any award made if the recipient of such an award does not comply with the stated conditions of the award.</p>	<p>All awards made are governed by conditions that are approved by the DVC for Research & Innovation. Such conditions ensure that:</p> <ul style="list-style-type: none"> • the University remains compliant with tax regulations/guidelines; • the applications submitted by students in competition for such awards are assessed using the stated criteria, and • the selection process for all awards is based on set and approved criteria. <p>The University is legally bound to abide by the conditions of award, which are often based on bequests or on the instructions of external donors, such as the NRF.</p>

	<p>No awards will be processed without the required and approved Conditions of Award</p>
<p>6. The University reserves <u>the right to recover any monies</u> disbursed on behalf of the NRF and MRC), if that individual does not comply with the conditions of award; make satisfactory progress or if he/she deregisters without prior notice <u>or reasonable cause</u>. The recovery process is routed through the University's Finance Department, via the Fees Office and the Debtors' section.</p>	<p>Satisfactory progress and registration for the degree for which the student is being funded, are conditions of award. All awards made via the PFO are done so by means of a claim form, which requires an undertaking from the student that she/he agrees to comply with the conditions of award.</p> <p>The NRF and MRC have their own conditions and agreement with similar repayment clauses, which students must sign.</p> <p><u>Note:</u> The Postgraduate Funding Office ascertains satisfactory progress through direct communication with the Programme Convenors and individual student's supervisors.</p>
<p><u>7. Guarantee of funding and outstanding fee debts</u> The University does not guarantee funding to any student/applicant. The University does not at any time undertake to provide full-cost support to any student/applicant. The University will not be responsible for the outstanding fee debt of any student.</p>	<p>The University is <u>unable to provide any guarantee</u> that every applicant for financial aid and funding will receive support.</p> <p>Similarly, the University is unable to undertake to offset any debt incurred by the student and/or any balance reflected which is reflected on that student's fee-account.</p>
<p><u>8. Cash Advances</u> (called Allowances) Only students registered for full-time study at the University of Cape Town, and who have a offered, pledged or processed award, are eligible to draw Allowances from the University.</p>	<p><u>Rules:</u> <i>Allowances will only be available to students under the following conditions:</i></p> <ol style="list-style-type: none"> <i>1. Where an application has been submitted by a student and an award offered, but not yet processed. In such cases any allowance must not exceed the amount owed to the university in terms of fees or other charges. Normally 50% of such fees or charges are repaid to the university in the first and then in the second semester.</i> <i>2. (i) Where a nomination has been made to the NRF by a Grant-holder for a renewal of an award in respect of a student who has made satisfactory progress.</i> <i>(ii) Where a nomination has been made to the NRF by a Grant-holder for a new award for a student in good academic standing and who is a South African citizen.</i>

92 FUNDING POLICIES

	<p><i>3. Where applications have been made to the MRC and the NRF for renewal by students who are eligible and who have made satisfactory progress, and where results of such applications have not yet been released by the NRF. (This recommendation is based on the NRF's undertaking to support students for the prescribed tenures of degree).</i></p> <p><i>4. Where a student requires an advance of part or the whole of a second instalment of an existing award for good reason (to be supported by the Course Convenor/Supervisor and/or the Head of Department and approved by the Director of the Postgraduate Centre & Funding Office) and where she/he has made satisfactory academic progress in the first semester. In all cases, such 'Allowances' must be underwritten by the fund-holder via an undertaking on the relevant letter-head and with the original signature of the fund-holder.</i></p>
<p>9. Payment of award on receipt of claim forms.</p>	<p>In order to prevent fraud, only claim forms with original signatures will be accepted. No photo-copies, scanned forms or electronic signatures are acceptable.</p>
