

SAP SENIOR OR SPECIALIST DEVELOPER

(Payclass 11 or 12)

INFORMATION & COMMUNICATION TECHNOLOGY SERVICES (ICTS)

Are you dynamic, motivated and passionate about providing high-quality developments and enhancements to ERP systems? The Systems Division (SD), a section of the Information & Communication Technology Services (ICTS) department, is looking for a senior or specialist developer to join the SAP team. SD is responsible for operations, performance and support for the university's administrative systems, covering student, financial, research and human resource administration and is focused on ensuring that UCT derives value from its administrative systems. SD is looking for a proactive, flexible and motivated senior or specialist developer with relevant skills and experience in SAP, that is used for Finance, HR and Plant Maintenance at the university. SD requires a person who is willing to collaborate with staff in the SAP support team and super users to gain knowledge about existing UCT processes and technologies as well as constantly learn about new technologies that will improve current processes or the user experience. The main purpose of this position is to develop and maintain the application code (including delivered ERP code and customizations), producing high-quality results in a professional, efficient, and service-orientated manner.

Appointment will be at one of the following levels:

Senior Developer (R711 889 to R837 514)

Requirements:

- At least five years of relevant SAP ABAP development experience
- A relevant post-secondary qualification at NQF level 7, or NQF level 6 with one years' additional relevant development experience

Advantageous:

- prior experience with and/or relevant certification in XML, JSON, Fiori, Web Services (using either SOAP or OData) and/or knowledge of platforms used at the university.
- SAP process integration and/or SAP cloud integration
- Prior experience of a support pack implementation upgrade (SPI)

Specialist Developer (R961 360 to R1 131 011)

Requirements:

- At least ten years of relevant SAP ABAP development experience
- A relevant post-secondary qualification at NQF level 7, or NQF level 6 with one years' additional relevant development experience

Advantageous:

- prior experience with and/or relevant certification in XML, JSON, Fiori, Web Services (using either SOAP or OData) and/or one or more of the systems listed above and/or knowledge of platforms used at the university
- SAP process integration and/or SAP cloud integration
- Prior experience of a support pack implementation upgrade (SPI)

Offers of appointment will be made at the level appropriate to the skills and experience of the successful candidates.

To apply, please email the below documents in a **single pdf file** to icts-jobs@uct.ac.za:

- UCT Application Form (download at <http://forms.uct.ac.za/hr201.doc>)
- Cover/Motivation letter, and
- Curriculum vitae (CV)

Please indicate clearly which position you are applying for by placing the title in the subject line.

An application which does not comply with the above requirements will be regarded as incomplete. Only shortlisted candidates will be contacted and will be required to undergo a competency test.
