

**SENIOR TECHNICAL OFFICER**  
(Payclass 09; 3-Year Fixed Term Contract)  
**Future Water Research Institute**  
**Faculty of Engineering & the Built Environment**

Applications are invited for the post of **Senior Technical Officer** for the Future Water research institute at the University of Cape Town, South Africa. The vision of Future Water is of water-resilient futures for African populations, where all people and settlements have access to adequate, fit-for-purpose water. Future Water's mission is to provide strategic research, science communication, and capacity development to address water scarcity and quality issues to support sustainable and liveable human settlements. This role will support Future Water to achieve its research strategy; providing technical analytical (water chemistry, laboratory management and administration) capacity; assisting with the development of research proposals and communication with laboratory equipment providers and funders; providing monitoring and tracking of technical / laboratory aspects of research projects managed by Future Water; supporting Future Water's technical communication and branding.
