

SENIOR LECTURER/ASSOCIATE PROFESSOR
(Permanent)
**DEPARTMENT OF INTEGRATIVE BIOMEDICAL
SCIENCES**
FACULTY OF HEALTH SCIENCES

The Department of Integrative Biomedical Sciences (including the divisions of Medical Biochemistry & Structural Biology, Chemical & Systems Biology, and Computational Biology) is seeking to appoint an academic member of staff at the level of Senior Lecturer/Associate Professor. The Department provides preclinical training, with Medical Biochemistry an integral part of the undergraduate MBChB programme. The Department has a strong research focus that encompasses the use of proteomic, genomic, molecular, cellular and bioinformatic approaches to investigate human diseases including but not limited to cancer, tuberculosis, autoimmune disease, hypertension, cardiovascular disease and HIV infection.
