

**PROGRAM MANAGER (BIOINFORMATICS & GENOMICS)**  
(Payclass 11; 2½ -year contract)  
**Computational Biology Division**  
**Department of Integrative Biomedical Sciences**  
**Faculty of Health Sciences**

The Computational Biology Division (CBIO) within the Department of Integrative Biomedical Sciences, leads the Bioinformatics activities at the University of Cape Town. CBIO leads several collaborative bioinformatics projects, including an African Genomics Data Hub and an African Open Data Science Platform. A new project is being established to sequence thousands of genomes, which will generate a large dataset. The project has multiple stakeholders with differing needs. We are seeking a Program Manager to manage the activities of the project, which include engagement with relevant stakeholders, coordinating the deliverables and delivering the dataset and collaborative genomics projects. Applications are invited from suitably qualified candidates for a **2½-year, fixed term contract** position of a Program Manager (Bioinformatics and Genomics), **for appointment as soon as possible**. The position will be situated in the Computational Biology Division, which is in the Institute of Infectious Disease & Molecular Medicine, Faculty of Health Sciences, University of Cape Town. There may be an opportunity for renewal, subject to the availability of funding.
