

DIRECTOR: TECHNOLOGY SERVICES

(Payclass 13(4); Permanent)

OFFICE OF THE EXECUTIVE DIRECTOR PROPERTIES AND SERVICES

The Properties and Services division is responsible for managing all aspects of UCT's many buildings and properties. It oversees and ensures the safe, secure, functional operation of the university, including project managing the erection of all new buildings, re-designing of spaces in existing buildings, maintaining existing properties, access control, security, transport, traffic control, cleaning, gardening, and postal services.

Properties and Services (P&S), among other diverse areas of campus management, is responsible for making a significant contribution to campus life for staff, students and stakeholders, through the planning and execution of Technology Services which enables a smart campus. The successful candidate must therefore lead the P&S Technology Services unit, as part of a University Wide function, that ultimately informs the Real Estate Technology landscape in shaping the UCT ICT Strategy.

The Director is responsible for managing all technology, information and Life and Safety systems supporting the respective sections within the P&S division, and its national and international footprint, by making use of both on premise infrastructure as well as hosted services.

As a member of the P&S Exco, UICTC (University Information and Communication Technology Committee), UCCC (University Computing Coordinating Committee), UCT Data Governance, the Director will lead and manage the department's operational and strategic technology initiatives and align technology strategies with institutional strategies through strategic planning and integration of the technology architecture across multiple platforms, systems and departments.

The successful candidate will support the Executive Director: Properties and Services by effectively utilizing their professional skills and knowledge to provide the vision, strategic and technical oversight and leadership for the Properties and Services Technology strategy.
