- Excellent organisational and time management skills
- Strong attention to detail and accuracy
- Proactive and able to work in a fast-paced environment
- Analytical and effective problem-solving skills
- Willingness to work in a TB environment

The following will be advantageous:

- ICH Good Clinical Practice (GCP) Certification
- Previous research experience
- Fluency in another South African Language (Afrikaans or Xhosa)
- Knowledge about TB, HIV
- Familiarity of Research Documentation Standards

Responsibilities include (but not limited to):

- Accurately enter data related to multi-national research projects, particularly in the fields of tuberculosis, HIV and vaccine trials
- Complete data entries and respond to data queries within the required timelines.
- Check that all fields are completed, CRF's signed and that correct version and page is used.
- Error checking and query investigation
- Regular quality control of data entry reports
- Assist with Quality control checks of research documentation.
- Accurate document filing
- Perform other research related duties as assigned.

Additional Information:

- 6-month Fixed Term Contract
- Working hours: 40 hours per week, Monday to Friday

To apply, interested applicants are requested to [click here](#) to complete the online application process with a cover letter, updated CV and at least two contactable references.

Closing Date: 31 August 2025

Only shortlisted candidates will be contacted. Should you not receive a response within 30 days of the closing date, please consider your application unsuccessful.
