

"Investing in girls' education is the very best thing we can do, not just for our daughters and granddaughters, but for their families, their communities, and their countries."

- Michelle Obama

The Monocle Foundation is proud to announce that applications for our 2024 Bursary Programme are **now open**.

Our bursary offers comprehensive financial support that covers tuition and accommodation fees, provides a laptop and study material provisions, as well as a subsistence allowance and additional support.

We are committed to supporting **Black female students** who have **limited or no funding**, and who are currently studying in a variety of graduate and post-graduate fields. These include but not limited to: **Accounting, Computer Science, Economics, Engineering, Finance, Mathematics** and **Medicine**.

As a recipient of this bursary, you will be given the unique opportunity to focus on your education while we take care of the expenses. Kick start your future with confidence and comprehensive support from the Monocle Foundation.
