

PROCESSES AND SYSTEMS IN THE RESEARCH PROJECT LIFECYCLE AT UCT

PROCESSES

- Funder Liaison** (Yellow bar): Develop proposals, submit applications and reports, negotiate a contract, and share data management plan and research data
- Approvals** (Blue bar): Obtain UCT internal approval to submit funding applications
- Pre-awards** (Orange bar): Project and other funding applications
- Contracts** (Purple bar): Manage contracts
- Post-awards** (Green bar): Track project award financial activities

SYSTEMS

- eRA System** (Red bar): One-stop shop to manage and track the administrative workflow within a project lifecycle and beyond
- UCT DMP** (Teal bar): Create, update and (privately) share Data Management Plan (DMP)
- OpenUCT** (Brown bar): Deposit research to share with the global community
- ZivaHub** (Pink bar): Upload, update, (privately) share and publish research data
